Dauphin DataCom
A division of Dauphin Electric

VALCOM

Keeping time accurate throughout a large facility is easy with Valcom's NEW IP PoE Clocks!

Consistent and accurate time across an entire organization maintains efficiency and smooth company operation

Great for manufacturing facilities healthcare facilities, and schools and universities.

Available in Analog and Digital
Valcom's IP PoE Clock Systems eliminate the need for specialized software - manage one single clock or thousands of clocks from any PC on the network.

Call Dauphin DataCom for more information!

Help Dauphin - Help the Community

Dauphin Electric is collecting donations for the Central PA Food Bank.

By participating in this event, we hope to have a huge impact on the lives of many of our neighbors who are struggling to make ends meet.

Collection barrels at all (3) locations!
